UNLOCKING OPPORTUNITIES

SINCE
2008

innovative arts-based youth development organization

Guitars Over Guns has been

using the power of music, mentorship, and the arts

to unlock possibilities for the young people society is failing to reach.

THE PROBLEM

DEEPLY CONNECTED, MULTI-FACETED PROBLEMS

Our ability to succeed as an adult can depend on several significant and interrelated factors in our youth:

1. Lack of positive adult relationships
2. Barriers to access to high-quality arts programming
3. Cycle of disenfranchisement and exposure to trauma

Quality after-school programs give children opportunities that help reduce likelihood of taking part in risky behaviors outside of school hours.

THE PROBLEM

CRISIS OF CREATIVITY

Complex societal problems are on the rise. Creativity is the engine of problem-solving and innovation, yet creative thinking skills are in decline.

Thriving in today's world demands not only empathy, resilience, and a strong sense of self but also the ability to tackle these challenges with innovative, adaptable solutions. To prepare young people to be leaders and innovators in an ever-changing economy, we must address this crisis of creativity and invest in their potential now.

THE POWER OF THE ARTS

**MUSIC AND THE ARTS PROVIDE
A PROVEN PATHWAY, FOR
ADDRESSING THIS CREATIVITY GAP.**

Research shows that investing in music and the arts significantly enhances creativity, critical thinking, emotional intelligence, and problem-solving: skills that are essential for the success of all young people. Yet, too often, society overlooks the arts as one of the most effective tools for youth development, healing, and mental health.

By cultivating creativity, enhancing academic performance, creating job opportunities, fostering community development, and preparing a future workforce for the innovation economy, an arts education becomes a catalyst for social well-being and long-term economic growth.

OUR APPROACH

HOLISTIC MENTORSHIP: THE MISSING LINK

Unlike traditional arts-based programs exclusively focused on creative expression, our trauma-informed approach supports the "whole" child, which drives measurable grade improvement, healthier behaviors, lasting relationship building, and increased well-being.

We've seen firsthand how the combination of mentorship and the arts can break barriers, build bridges, and prepare youth for brighter futures—all while sparking joy and having fun.

WHY CHICAGO

From proof of concept in Miami to proof of scale in Chicago, Guitars Over Guns Chicago launched in this region in 2014, starting with one school and now serving 22 schools and community sites. Chicago's vibrant music and arts culture inspires creativity, while the city's systemic challenges, such as youth violence and inequitable access to resources, highlight the urgent need for programs like ours.

Evidence-based violence prevention and intervention programs save \$5 for every \$1 spent compared to other social services, while significantly reducing crime and violence. By addressing these issues through mentorship and music, Guitars Over Guns Chicago empowers youth to express themselves, build resilience, and create safer, stronger communities.

SIGNATURE EVENTS

1. DAY OF GRATITUDE

Students, families, mentors, school partners, and community members enjoy a meaningful celebration of their collective achievements.

2. MUSIC VIDEO

Students in every city professionally film and record a collaborative music video. This annual regional project demonstrates the power of music as a universal language that can bridge neighborhood, cultural and other boundaries, finding common ground in the drive toward self-expression, connection, and empathy.

3. SPRING SHOWCASE

Watch our students shine on the big stage! Every school performs as their own band ensemble, presenting songs the students have chosen – or even an original song they wrote themselves! We also feature a student art exhibit from our visual art program. The concert vibes will have you on your feet, dancing and cheering our young rockstars on!

SIGNATURE EVENTS

4. CAMP GOGO

Our annual Camp GOGO takes place in Covenant Harbor, a picturesque setting of Lake Geneva, Wisconsin. Over the course of four days, our young musicians enjoy a journey filled with outdoor adventures, creative exploration, and deep self-reflection. The youth create the theme and record an EP during camp.

5. MENTOR INSTITUTE

Institute is our foundation for building both individual and collective leadership among our frontline workers. Mentors receive 34 hours of paid training over four days. Workshops cover instrument and song instruction, mental health and wellness, trauma-informed teaching tactics, and culturally affirming teaching practices.

SIGNATURE EVENTS

6. BAND TOGETHER

This fall event is our second annual fundraiser and features live mentor and student performances, a dynamic silent auction, and uplifting music.

7. CHOOSE YOUR SOUND GALA

This memorable gala hosted in Miami will have you on your feet dancing and enjoying live performances from mentors, alumni, and special guests.

Last year, our 11th annual Choose Your Sound Gala raised nearly \$900,000!

WE NEED YOU.
